

T.I.R.R.A. President's Annual Report
A.G.M. March 28th, 2013

Once again my sincere thanks to your executive who has done a great job of caring for the ongoing behind the scenes business. Two honourable mentions would be in order. Both Kevin Galbraith (treasurer) and Steve Frankel (chair Solid Waste), have served very long terms and will be greatly missed as they step down this year.

We have continued to focus heavily on our Solid Waste System. We are working hard to keep the system "Thetis owned", fair, ethically appropriate and affordable. At this point there are hundreds of volunteer hours being invested in the system each year. We can all do our part to make this needed service operate efficiently.

Respectfully Submitted,
Ernie Hunter
Pres.
