

March 2012

**Transportation Committee Annual Report, 2011-2012**

Only two issues have been brought to the attention of the Transportation Committee in the past year.

The slippery condition of Kenwood Road: Although Grant Gordon has graded the gravel back into the centre of the road, it soon disappeared again, leaving a slippery surface. A letter has been sent to the regional manager of Highways requesting plans for a long term solution to this problem.

A suggestion of making Marina Drive one-way to reduce congestion at the head of the boat ramp was rejected due to opposition from the residents of Marina Drive.

Respectfully submitted,

Graeme Shelford  
Chairman, Transportation Committee
