

Transportation Report for 06 Oct 2022 TIRRA GM.

Emcon contractor completed a second roadside mowing in July.

Update from Thetis Island LTC re appropriate stakeholders being invited to meet and work to establish a traffic improvement plan for Foster Point Rd stretching from the ferry terminal to the government dock. Concerns raised regarding pedestrian safety, parking, ferry unloading, and overall traffic congestion.

Meeting now scheduled for 03 Oct 2022, further details to follow.

Update on angle parking at ferry, vehicles overhanging white line (fog line) can impede traffic flow. Thanks to Joe at Emcon for repainting white line.

Site visit with property owners to review parking issues at ferry.

Pending items;

Request from resident for signage indicating Hidden Driveway. Request referred to Ministry Highways and Infrastructure (MOTI). Ongoing staff turnover at MOTI has prolonged a decision, site visit from MOTI pending

Concerns raised this summer regarding mosquito mitigation at slough. MOTI to tour problem culvert, next site visit tbd.

Stu Downey
Transportation Chair
